Preparing Liberians to share the gospel and lead churches

Students at Liberia International Christian College recently enjoyed the movie, *The Bible: The Epic Miniseries*. Experiencing the stories of the Old Testament in this dramatic format had a profound impact upon their faith. Thank you for supplying me with incredible resources for building foundations of the Word in Liberian people.

An event that celebrated God-centered marriages...

Elijah Sumo and his wife recently led an event to celebrate and teach the importance of loving, faithful, God-centered marriages.

During a question-and-answer segment, the audience asked about many real-life scenarios. Wise, scripturally-sound, relevant advice was provided.

Elijah is the minister of a vibrant, growing congregation in Ganta, Liberia and a student of theology at Liberia International Christian College.

**Emmanuel Gono
is an effective teacher of the Word!**

A youth minister at his church, Emmanuel also teaches a ladies' Bible study each Monday evening during which they revisit, *in their tribal language*, the sermon their Liberian senior minister presented in English the day before.

Emmanuel is helping the women reevaluate the teachings of their tribal religion and Liberian way of life in the light of God's Word.

We are SO PLEASED that Emmanuel is a theology student at Liberia International Christian College.

*Thank you for your
partnership and generosity!*

Thank you!

Your recent gifts provided a projector that will show the *Passion of the Christ* in an evangelism revival THIS week.

Following our crusade, the projector will be used in remote villages in Liberia to show Bible movies in conjunction with Bible studies to win souls to Christ and launch new churches.

Would you be able and willing to invest in this work God has called me to by **giving monthly**? I am in need of additional people to support me at **\$50 a month**.
