*Happy Holidays!*

Warmest Holiday Greetings! We are excited to share this special season again with our family in Michigan. ♥

We are wishing all a wonderful Christmas and Happy New Year! Praying for God to bless you and keep you safe! ♥

*Summer to Winter 2023*

Greetings friends!

Many of you know that we decided to spend the first half of the year in Honduras and the second half in the US; this is what retirement looks like for us. Our time in the US has gone by quickly, and we have filled our days with spending time with family, visiting partners, working on our old house and travelling. It has been a blessing to visit with all our family members, seeing them face-to-face, along with having family chats with all our kids on a regular basis.

**FAMILY AND FRIENDS**

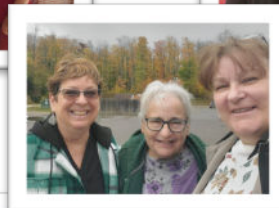

This past year, Roger took on a new work of mentoring a group of five believers in Colombia. He set up a leadership/ministerial training course for them via Zoom. Roger visited them in November for ten days of ministry classes, fellowship and gatherings.

## Family 2023

In June we returned to Michigan for a family wedding. We had many other opportunities to be with our families throughout the summer and fall. Spending time with our two kids in Michigan, a visit from our daughter and family in AZ, and a trip to visit our son in WA were some highlights. As we approach the holiday, we are so thankful to celebrate Christ with family and hopefully have a white Christmas in Michigan!

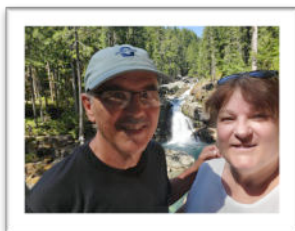

**We have been blessed to spend quality time with all our children and our grandson over our extended time in the US.**

## **BODARYS RETURN TO HONDURAS: January 2024**

We are anticipating more changes as we return to Honduras. Our roles may also be expanding further as the ministry needs are always changing. Roger and Myla will resume pastoral duties to the missionary, hospital and school community. Roger will continue teaching Technology at El Camino Bilingual School and supporting the CAD Project. Myla has been actively supporting the Administration Sustainability Project while in the US and will interface directly to move the project forward. We both will continue to be active in the local churches and are looking forward to returning and reconnecting with our friends and the students there.

Christmas Blessings in Christ,

*Roger and Myla*
