

Spring 2024

The Bodarys

Missionaries to Honduras

2024 Honduran Weather Challenges

January through May in Honduras

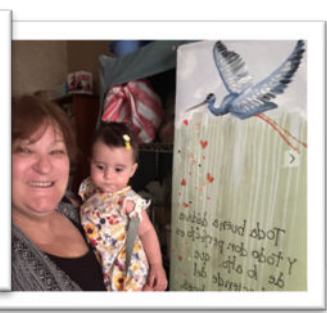

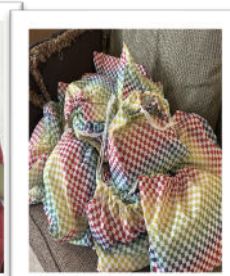

We had a wet beginning to our time in Honduras this year. So much rain prevented patients from getting to the hospital! We were thankful for our 4-wheel drive! May brought so much smoke, dust, sand, fog, and extreme heat and humidity. Cancelled flights and school, unhealthy air quality became our normal. We were thankful that the rains came to break this cycle!

Hospital Loma de Luz

Hospital Loma de Luz OB Donations and assembling Baby Bags

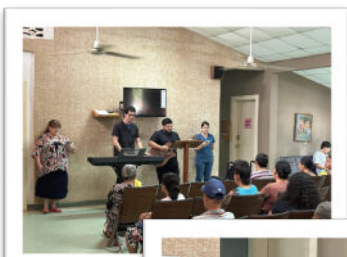

Scripture Banners

Matthew 25:36

February Visitors

Friends from Michigan, Nancy and Lynn, came down to Honduras and blessed us with donations from numerous churches and individuals, all sent with love. We made a total of 262 "Baby Bags" with all the donated clothes and supplies they brought. These will be used for the babies that will be born at LDL, which had 321 births in 2023 and 361 births in 2022. Another friend, Claire, painted numerous scriptural banners for the Hospital, which have blessed everyone who sees them posted around the hospital and school.

Ministry

Our time in Honduras this year was full of activities and ministry. In the LDL hospital outpatient clinic, Myla joined the worship team, and Roger volunteered as the part-time Chaplain. He shared the Word in the outpatient clinic in Spanish, visited and prayed with patients in the hospital. It was a wonderful opportunity to share with others in need.

Myla continued to support the Administration Sustainability Planning and works on the Housing committee as well. Roger was at the school in the afternoons teaching design technology skills to the middle and high school students.

We are so thankful for the Cornerstone ministry and all those that volunteer to serve. We see God at work in this ministry!

First Aid & CPR at El Camino School

Across the months of April and May, Myla held classes with the 45 Middle and High School students teaching basic first aid, what to do in an emergency, and choking and cardiopulmonary resuscitation (CPR). The students exhibited their skills and understanding while having fun.

Open Door of Ministry in Trujillo Honduras

Roger met a patient at LDL who was a minister, during his medical visit. He was from Trujillo, which is a 4-hour trip along the coast. Trujillo is a historical place where Columbus landed and set up a trading post on his forth journey to the Americas. He was invited to visit and minister at his church. So, Roger decided to take 3 senior boys from the school/orphanage to accompany him. It was not only an enjoyable trip of fellowship with the students, but also an opportunity to share the Gospel to a group of Garifuna believers in their village.

Celebrating Graduations

We are excited to announce that we had our very first El Camino Bilingual School High School Graduation Class. Congratulations to the 2024 graduates! We pray for each one as they step into the next stage of their lives and education.

Also, each year we have a combined Kindergarten graduation celebration and a 9th grade graduation to honor those who have made it through middle school. It is always wonderful to celebrate the students' achievements.

We are thankful to include you in our prayers, Roger and Myla

Roger & Myla celebrating 39 Years!

Declare His glory among the Nations, His marvelous works among all the peoples.
Psalm 96:3

Contacts

Thank you for partnering with us and being an integral part of this ministry. We are always excited to hear from you!
